Greetings Mayor and Council,

I am pleased to submit to you a brief report of the bi-weekly administrative activities of the City of South Fulton. The first of these reports during my tenure provides a snapshot of activities to date, and will be adjusted moving forward to align with bi-weekly Council meetings presented within the framework of the Council's five strategic priorities.

As you will see, great things are happening in the City of South Fulton--- from traffic improvement projects, to fun family-friendly events, improvements related to City administered services (e.g. fire, police, parks and recreation, and business licensing) to opportunities to provide public input on key issues that affect our quality of life.

## Mayor's Walk

Mayor's Walk (internally referred to as Community Walk Wednesdays) is a monthly activity that is focused on increasing access to City services, improved community relations, and proactively addressing community issues. Each month administrative staff, community stakeholders, and other interested parties will walk key corridors throughout the City to introduce key staff and available services, receive stakeholder feedback, and address problems in real time. Council Members are encouraged and welcomed to join the walks, especially those taking place in your District.
